

QUANTIFICATION OF ECONOMIC DAMAGES

Tuesday, 21 August 2007, 5.15pm to 8.00pm

About this Workshop

At this Workshop, the speaker will introduce various techniques for quantification of economic damages. These will be presented in an intuitive way, with reference to international and regional arbitration and court cases. The workshop will start with a basic framework for quantification of economic damages, and then develop to include the concepts of:

- net present value;
- contingency analysis;
- cost of capital;
- event study;
- options;
- elasticity analysis.
